

"Nazis in Australia"

CANBERRA: Because the Federal Government has resolutely refused any action against Croat and other fascists from Europe living in Australia the warning of the former Israel Attorney General, Mr. Gideon Hausner, when in Australia on a visit is significant.

Mr. Hausner said in Canberra that during the trial of mass-murderer Eichmann in Israel, many letters supporting Eichmann had come from Australia.

Mr Hausner who was chief prosecutor at the trial, said nazi war criminals and sympathisers could be hiding in Australia.
