

EICHMANN TRIAL BLAST

Winston-Salem, N.C. (UPI) : Superior court Judge F. Donald Phillips has lashed out at Israel for its handling of the Adolph Eichmann Trial.

The whole thing was a publicity stunt — a farce," he said over the weekend.

The North Carolina Jurist was a judge at the Nuremberg War Trials in Germany after the second World War.

"We considered Eichmann such a minor cog in the Hitler Regime that if he had been available before the court was recessed, we wouldn't even have tried him," Phillips said.

He said Eichmann's case would have been handled by a lower court. "Probably the peoples court of Germany or a United States Military Court."
